In 1999 he graduated medicine from MU Sofia, in 2009 he obtained a specialty in Anesthesiology and resuscitation, in 2014 he defended a dissertation on the topic “**Determinants of ventilator dependence and predictors of success in discontinuing mechanical ventilation maintenance**” for obtaining the scientific and educational degree “Doctor”.

From 1999 to 2002 he worked in the Center of Emergency medicine in city of Yambol. From 2002 to 2010 he was a doctor intensivist/ anesthesiologist, fellow III degree, and fellow II degree in UMHATEM “Pirogov”. From 2018 till now he is a Chief Assistant and Head of the Department of Intensive care in Clinic of Anesthesiology and Intensive care, UMHATEM “Pirogov”.

In his development as a specialist, he has accomplished a significant number of courses and specializations in different scientific fields and the medical practice here and abroad.

Scientific- research activity

In this competition, dr Georgi Zhelyazkov Georgiev participates with 28 scientific works: one dissertation work and autoreferate, 9 publications in Bulgarian periodical journals and scientific miscellanies, 18 publications of full texted articles in foreign journals with impact factor; participation in international congresses and participation in Bulgarian conferences and congresses. The fundamental quantity of the scientific works is in the field of Anesthesiology and Intensive care, specifically in intensive care.

He is a member of the following associations and organizations:

- Bulgarian medical association
- Bulgarian Society of Anaesthesiologists

- Bulgarian Society of Parenteral and Enteral Nutrition
- Bulgarian Association for the Study and Treatment of Pain
- European Society of Intensive care Medicine (ESIMC)

Dr. Georgi Zhelyazkov Georgiev fully meets the scientometric indicators for acquiring the academic position of „Associate professor” – 1166 points from the submitted reference for the fulfillment of the minimum required scientometric criteria and according to the "Regulations for the conditions and the order for acquiring scientific degrees and holding academic positions in UMBALSM " Pirogov”.

Medical-diagnostic activity

Dr. Georgi Zhelyazkov Georgiev is a proven clinician who masters all the basic diagnostic methods and treatment techniques in his specialty Anesthesiology and Intensive Care.

His knowledge is connected mainly with:

- Intensive monitoring in intensive care patients
- Intensive organ support in the intensive care unit
 - ✓ in patients on mechanical ventilation
 - ✓ in patients on long-term renal replacement therapy
- Intensively oriented echocardiography in intensive care

He is one of the leading specialists in Bulgaria on the problems of anesthesia and in particular intensive care in patients with various pathologies.

After getting acquainted with the attached documentation I confidently declare that Dr. Georgi Zhelyazkov Georgiev, MD fully meets the conditions of Article 29 of the Law on the Development of Academic Staff in the Republic of Bulgaria and meets the criteria for the development of the academic staff of the "Regulations for structure and activity of UMBALSM "Pirogov" for the acquisition of academic position "Associate Professor".

In this regard, I strongly believe that Dr. Georgi Zhelyazkov Georgiev MD meets all the requirements for acquiring the academic position of "Associate Professor" in Anesthesiology and Intensive Care, expressing my full support for the selection of his candidacy before the esteemed scientific jury.
